

SCHEID FAMILY WINES

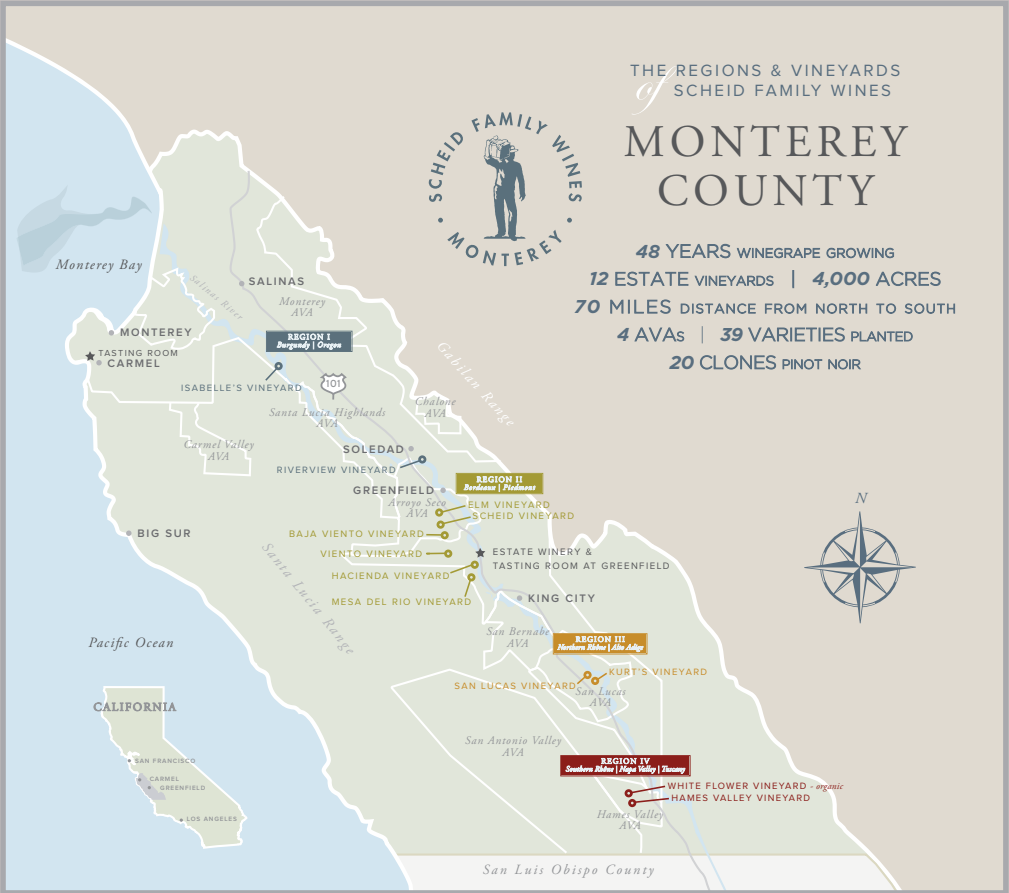

Al Scheid first planted vineyards in Monterey County in early 1972. We started as grape growers, selling all of our production as wine grapes to other wineries. In 2000, we evolved into winemakers, making contract wine for numerous wineries, from large, well-known companies to small, boutique offerings. In 2011, after almost 40 years of growing grapes and making wine for others, we decided it was time to branch out into producing wines under our own labels. Today our annual sales are over 500,000 cases and our wines are distributed in all 50 states and numerous countries abroad.

We currently farm 12 estate vineyards covering 4,000 acres along a 70-mile stretch of the Salinas Valley. We are family-owned and operated and pride ourselves on being vertically integrated from grapes to glass, ensuring consistency of quality vintage after vintage. At Scheid Family Wines, we hold dear our longstanding traditions of family, sustainability, outstanding value and world-class wines.

MONTEREY COUNTY

- Approved as an official AVA in 1984
- Encompasses 36,000 acres along the 80-mile Salinas Valley
- Defined by the presence of the Monterey Bay to the north and the Gabilan and Santa Lucia Ranges on either side of the valley, creating an appellation defined by morning fog, strong winds and moderate temperatures
- The only AVA to have Regions I – IV, allowing for exceptional expressions of cool climate varietals such as Pinot Noir and Chardonnay in the north and sunshine-loving varietals such as Cabernet Sauvignon and Petite Sirah in the south
- The longest growing season in California, allowing for extra hang-time and intense, complex and balanced wines
