LIVE YOUR BEST LIFE

CABERNET SAUVIGNON

The power of three is compelling and encompassing. In the ancient Celtic symbol of the triple spiral, it signifies the trio of mind, body and spirit. With rich and refreshing flavors, our wines are mindful of moderation at their finest.

LIVE YOUR BEST LIFE.

WINEMAKING

Live Your Best Life wines are produced with lower alcohol, fewer calories and less sugar - yet our wines still retain everything that wine lovers seek. To achieve this, we allow our grapes to hang on the vine to reach full flavor potential. Once the grapes are harvested, we crush and ferment to dryness in our winery. Using a proprietary process, we gently pull alcohol from the wine, leaving a reduced alcohol product that is flavorful and tastes fantastic.

TASTING

Our Cabernet Sauvignon is medium in body, yet rich and lush. Aromas of black cherry, elderberry and raspberry complement the underlying notes of vanilla and sweet oak in a lingering finish. "Live Your Best Life" every day by pairing this wine with grilled hamburger sliders, charred Brussels sprouts skewers, or beef short ribs.
