LIVE YOUR BEST LIFE

## SAUVIGNON BLANC

The power of three is compelling and encompassing. In the ancient Celtic symbol of the triple spiral, it signifies the trio of mind, body and spirit. With rich and refreshing flavors, our wines are mindful of moderation at their finest.

LIVE YOUR BEST LIFE.

### WINEMAKING

Live Your Best Life wines are produced with lower alcohol, fewer calories and less sugar - yet our wines still retain everything that wine lovers seek. To achieve this, we allow our grapes to hang on the vine to reach full flavor potential. Once the grapes are harvested, we crush and ferment to dryness in our winery. Using a proprietary process, we gently pull alcohol from the wine, leaving a reduced alcohol product that is flavorful and tastes fantastic.

### TASTING

Our Sauvignon Blanc is light in body, yet lively and refreshing. Aromas of green apple, citrus and pear lead into bright fruit flavors that are crisp with balanced acidity. "Live Your Best Life" every day by pairing this wine with spring salads, fish tacos, or grilled vegetable pasta dishes.
