

2021 ESTATE SAUVIGNON BLANC

89 Points

JAMESSUCKLING.COM

---

“Sliced pear and green apple with some green-melon and lime undertones. Medium-bodied with a medium-round texture and a slightly subdued finish. But clean and fresh.”

— JAMES SUCKLING

When grown in temperate locales, Sauvignon Blanc delivers powerful, ripe, melon-like aromas and lush, round flavors. When grown in cold regions you can expect steely, grassy and vibrant attributes. Our Sauvignon Blanc combines fruit from our warm- and cold-climate estate vineyards to create a wine that is balanced, complex and delicious.
