“From the Scheid family’s certified organic vineyard, this rosé of Petite Sirah is whole-cluster pressed and results in a shy salmon pink hue. Aged in stainless steel for two months, the aromatics are immediately perceptible: a perfume of roses, raspberries, and wet stone. Instantly juicy, with salty orange peel and guava, rose petals, and white cherry. The mouthfeel is clean although slightly dusted from limestone soils. The flavors are carried to the finish by pink grapefruit and fresh linen, with a touch of sweet basil.”
