With Grandeur's environmental ethos and consumers seeking brands that support green initiatives, a cause-driven program to support bee sanctuaries is sure to be a success.

Why Run Grandeur's "Bee a Friend" Charitable Program?

- ✓ **92% of consumers are more likely to buy** from a company that supports social or environmental issues.¹
- ✓ Consumers are **64% more likely to recommend companies/brands** to their friends if they are socially responsible.²
- ✓ **Organic claims** on wine labels are **trending** and are up **+24%** vs 2020.³
- ✓ **Grandeur + Bees are a natural fit and 88% of consumers take a brand's authenticity into account** when making a purchasing decision.⁴

How are they a fit? At the heart of Grandeur's vineyard stands an ancient Blue Oak, home to a colony of bees. Plus, organic farming practices like the ones we use in our vineyards, provide a sanctuary for these important pollinators.
